

How to Stage A Vacant Bedroom Without Heavy Mattresses...

Start with this inexpensive, light-weight frame that is easy to carry, fold and store.

Add a simple, squared bed skirt to hide the frame if you wish.

This lightweight box spring can fold into the frame and break apart. This makes for an easy solution over mattresses.

Make sure to buy a pad, so it looks soft and luxurious.

Add an inexpensive headboard...

HSR Grad Judith Burzell shared a photo of what this looks like stored in her warehouse, very cool right?

Staging a Vacant Bedroom
